DELIVERING TÜRKİYE'S BEST FRUITS & VEGETABLES TO THE WORLD

Welcome to EDC Brokerage & Consulting—your trusted partner in connecting **Türkiye's** rich agricultural resources with global markets. We specialize in providing premium-quality fresh fruits and vegetables, ensuring that our partners receive the finest produce with unmatched reliability and efficiency. Through a professional approach, strong partnerships, and a commitment to excellence, we manage every stage of the export process to deliver reliability, efficiency, and client satisfaction.

Türkiye is one of the world's top producers of fresh fruits and vegetables, thanks to its fertile lands, diverse climate, and rich agricultural heritage.

With ideal growing conditions and centuries of farming tradition, Türkiye supplies premium-quality produce that meets the highest international standards. Among Türkiye's many agricultural regions, **Muğla Region** stands out for its exceptional production quality and ideal conditions for cultivating citrus fruits, greenhouse vegetables, and subtropical fruits. The region's rich plains and highlands, situated at the foothills of the **Taurus Mountains**, benefit from a warm Mediterranean climate, fertile alluvial soils, and abundant water resources, making it one of Türkiye's most productive agricultural hubs.

EDC: CONNECTING TURKISH FARMERS INTO GLOBAL MARKETS

WHO WE ARE

EDC Brokerage & Consulting is a trusted bridge between Turkish farmers and international markets ensuring seamless, high-quality fresh produce exports.

We partner with Türkiye's most trusted wholesalers to source top-quality produce directly from farms.

With years of experience in international business development, marketing, and high-stakes contracts, EDC Brokerage & Consulting brings a top level of professionalism to the fresh produce trade.

With robust business models, we are dedicated to building long-term relationships with importers, distributors, supermarkets, wholesalers, and government agencies worldwide.

Our structured approach, compliance expertise, and dedication to excellence at **EDC Brokerage & Consulting** distinguish us in the global market.

At launch, we are proud to collaborate with **Cevizci Trading Co.**, a highly reputable wholesaler in the fresh produce sector. While they serve as a principal partner, we collaborate with a diverse network of trusted suppliers, ensuring flexibility and adherence to the highest standards.

OUR STRATEGIC PARTNER IN TURKIYE

Cevizci Trading Co. has been a key player in Türkiye's fresh produce export industry since 1994, earning a reputation for quality, reliability, and expertise.

With over 30 years of experience, **Cevizci** specializes in sourcing, packaging, and delivering premium fresh fruits and vegetables to international markets, meeting strict international quality and safety standards, and ensuring seamless logistics for timely delivery.

Based in **Fethiye, Muğla**, one of Türkiye's most fertile agricultural hubs, **Cevizci** benefits from the region's ideal Mediterranean climate, nutrient-rich alluvial soils, and abundant water sources ensuring superior quality fruits and vegetables. By working closely with a trusted network of farmers, they maintain strict quality control, certification compliance, and modern handling processes, becoming a preferred supplier for global markets.

A Vision for Global Expansion

Leveraging Cevizci's established expertise and our dynamic, market-driven approach, **EDC Brokerage & Consulting** is expanding Türkiye's fresh produce export with a new level of professionalism and strategic excellence.

WHAT DRIVES US: OUR MISSION, VISION & VALUES

Mission Statement: Our mission is to connect Turkish farmers with global markets, creating value for all stakeholders by delivering fresh produce while ensuring timely delivery, strict compliance with quality standards, and building trusted partnerships.

Vision Statement: To conduct the global fresh produce trade by delivering exceptional quality, building long-term partnerships, and creating a foundation of trust and sustainability with our partners through a new level of professionalism and strategic expertise.

Values:

1. Professional Excellence

We maintain the highest standards of professionalism in every aspect of our operations, ensuring accuracy, discipline, and reliability in how we conduct business.

2. Integrity

Trust and transparency guide all our interactions, ensuring that we build and maintain strong, reliable relationships with our partners.

We ensure full compliance with international quality and safety standards, providing all necessary certifications to meet the requirements of our clients and their markets.

3. Customer-Centric Approach

We understand that each customer has unique requirements driven by rules, regulations, end-user preferences, and local standards. Our role is to classify and provide products that meet these specific needs with accuracy and care.

4. Business Expertise

We bring a professional approach to business by understanding and following the regulations, standards, and practices of each country we work with. This ensures smooth and reliable operations for our partners.

5. Reliability in Delivery

Timely and efficient delivery is a key part of our promise, ensuring that our clients receive fresh products as expected.

6. Building Long-Term Partnerships

We focus on creating strong and long-term relationships built on trust, respect, and shared success.

FROM FARM TO MARKET:

OUR PRODUCTS & BUSINESS MODELS

OUR PRODUCTS

Core Products:

- **Oranges, Lemons, Tangerines** (Citrus Fruits)
- **Tomatoes, Spiny Cucumbers, Peppers, Zucchini** (Greenhouse Vegetables)
- **Pomegranates, Grapes, Figs** (Subtropical Fruits)

Additional Products: We also source and supply a wide variety of fresh produce, including stone fruits (peach, apricot, nectarines, plums) and, leafy greens based on seasonal demand and specific client requests.

BUSINESS MODELS

By recognizing the specific requirements of this key customer base—driven by regulations, market standards, and logistical needs—we provide products that align perfectly with their expectations, enabling them to serve their clients with confidence and reliability. To meet the diverse needs of our clients, we operate across multiple business models:

1. Collaborating with Importers/Distributors:

Partnering with established importers and distributors to ensure efficient supply chain management and seamless delivery of fresh produce.

2. Direct-to-Buyer Exporting:

Working with supermarket chains to fulfill large-scale requirements.

3. Supporting the Food Service Supply Chain:

Supplying consistent, high-quality produce to wholesalers that serve restaurants, hotel chains, and catering companies.

4. Fulfilling Government Procurement Demands:

Supplying fresh produce to public procurement programs and ensuring full compliance with the requirements of government agencies.

Our versatile business models are designed to meet the unique needs of various client sectors, enabling us to effectively address diverse market demands across Europe, the GCC, and beyond.

PREMIUM TURKISH TOMATOES

FRESHNESS & QUALITY YOU CAN TRUST

Exceptional Taste, Vibrant Color, and Guaranteed Freshness!

Grown in Türkiye's fertile, modern greenhouses, our tomatoes are renowned for their superior taste, rich aroma, and firm texture.

Varieties We Offer

We provide a selection of fresh, high-quality tomatoes, carefully sorted and packed for global markets:

Vine Tomatoes – Harvested in clusters, ensuring enhanced freshness and longer shelf life. Medium-sized, juicy, slightly firm texture, perfect for fresh consumption and slicing. Retains its rich aroma and deep red color, ripening naturally on the vine.

Round Tomatoes – Classic globe-shaped tomato, perfect for everyday cooking, slicing, and salads. Well-balanced flesh-to-juice ratio, offering a fresh, mildly sweet taste. Known for consistent size, smooth skin, and extended shelf life.

Cherry Tomatoes – Small, round, and naturally sweet, ideal for snacking, salads, and gourmet dishes. Firm texture with a high sugar content, making them a favorite for fresh consumption. Available in both red and yellow varieties, catering to diverse culinary preferences.

Organic Options Available – Upon request, we also offer organic tomatoes grown under strict organic farming standards, ensuring natural cultivation methods.

Reliable Supply & Year-Round Availability

Certified Food Safety & Quality Assurance:

Compliant with **EU MRL** regulations, the option of **GLOBALG.A.P.**-certified is available upon request.

Cold Chain Logistics & Careful Handling: Optimal storage temperature during transportation is **13–15°C** preserving freshness, firmness, and nutritional value.

Seasonal Availability:

Our tomatoes are available **12 months a year**, ensuring a steady and uninterrupted supply to serve global markets.

Flexible Packaging Options: Available in bulk cartons, retail-ready trays, or customized packaging tailored to your market needs.

CRISP, FRESH & SUSTAINABLY GROWN CUCUMBERS

Refreshing Crunch, Rich Flavor & Peak Freshness Guaranteed!

Grown in Türkiye's fertile greenhouses, our premium cucumbers are known for their crisp texture, refreshing taste, and rich nutritional value.

Varieties We Offer

We supply high-quality cucumber varieties, carefully selected and packed to meet the diverse needs of global markets:

Spiny Cucumbers – Slightly rough, firm, and rich in flavor. Preferred for fresh consumption, salads, and pickling due to their crisp texture and tangy taste.

Regular Cucumbers – Smooth-skinned, mild-flavored, and high in water content. Ideal for fresh consumption, slicing, and culinary applications.

Reliable Supply & Year-Round Availability

Certified Food Safety & Quality Assurance:

Compliant with **EU MRL** regulations, the option of **GLOBALG.A.P.**-certified sourcing is available upon request.

Cold Chain Logistics & Careful Handling: Optimal storage temperature during transportation **10–12°C**, preserving freshness, firmness, and nutritional value.

Seasonal Availability: Our cucumbers are available **12 months a year**, ensuring a steady and uninterrupted supply to serve global markets.

Flexible Packaging Options: Available in bulk cartons, retail-ready trays, or customized packaging tailored to your market needs.

VIBRANT, FLAVORFUL & VERSATILE

PEPPERS

Bold Flavors, Striking Colors & Unmatched Freshness!

Grown in Türkiye's modern greenhouses, our premium peppers are known for their vibrant color, crisp texture, and rich, fresh flavor.

Varieties We Offer

We provide a diverse selection of high-quality peppers, carefully sorted and packed for global markets:

Capia Peppers (Turkish Red Sweet Peppers) – Long, pointed, and intensely sweet, with thin walls and deep red color. Perfect for roasting, stuffing, grilling, and drying. Known for its rich, smoky flavor when roasted.

Turkish Long Green Chili Peppers – Long, slender, and mildly spicy, widely used in Turkish and Mediterranean cuisine. Crisp texture with a refreshing, slightly tangy heat. Suitable for fresh consumption, pickling, and cooking.

California Peppers – Blocky, thick-walled, and crisp, available in red, orange, yellow, and green varieties. Mild and sweet flavor, making them versatile for both raw and cooked dishes. Perfect for stuffing, roasting, grilling, and fresh salads.

Charleston Peppers – Pale green, slightly curved, and mildly spicy. Highly sought after for its unique flavor and texture. Perfect for grilling, sautéing, and stuffing.

Turkish Stuffing Peppers – Round, thick-walled, and slightly sweet. Specifically grown for stuffed pepper dishes. Holds shape well during cooking and baking.

Reliable Supply & Year-Round Availability

Certified Food Safety & Quality Assurance:

Compliant with **EU MRL** regulations, the option of **GLOBALG.A.P.**-certified is available upon request.

Cold Chain Logistics & Careful Handling: Optimal storage temperature during transportation is **6–8 °C**, preserving freshness, firmness, and nutritional value.

Seasonal Availability: Our peppers are available **12 months a year**, ensuring a steady and uninterrupted supply to serve global markets.

Flexible Packaging Options: Available in bulk cartons, retail-ready trays, or customized packaging tailored to your market needs.

FRESH, TENDER & NATURALLY GROWN ZUCCHINIS

Delicate Texture, Fresh Flavor & Superior Quality Guaranteed!

Grown in Türkiye's nutrient-rich soils and modern greenhouse environments, our green zucchini is known for its tender texture, mild flavor, and culinary versatility.

What We Offer

We specialize in delivering only the highest-quality green zucchini, carefully sorted and packed for global markets:

- Smooth, deep green skin with firm flesh, perfect for various culinary uses.
- Mild, slightly sweet flavor that adapts well to grilling, roasting, sautéing, and baking.
- Naturally low in calories and rich in fiber, vitamins, and antioxidants.

Reliable Supply & Year-Round Availability

Cold Chain Logistics & Careful Handling: Optimal storage temperature during transportation is **7-10 °C**, preserving freshness, firmness, and nutritional value.

Seasonal Availability: Our zucchinis are available **12 months a year**, ensuring a steady and uninterrupted supply to serve global markets.

Flexible Packaging Options: Available in bulk cartons, retail-ready trays, or customized packaging tailored to your needs.

JUICY & NATURALLY SWEET ORANGES

Naturally Sweet, Rich Juiciness & Superior Freshness!

Grown in Türkiye's sun-drenched Mediterranean orchards, our premium oranges are prized for their bright color, exceptional juiciness, and perfectly balanced sweetness.

Varieties We Offer

We supply high-quality, fresh Turkish oranges, carefully sorted and packed for global markets:

Washington Oranges – Known for their deep orange color, sweet flavor, and easy-to-peel skin. These seedless, juicy oranges are perfect for fresh consumption and juicing.

Valencia Oranges – Highly prized for their high juice content, bright color, and well-balanced sweetness. These oranges are ideal for both fresh consumption and juicing, maintaining their quality even in extended storage.

Reliable Supply & Year-Round Availability

Certified Food Safety & Quality Assurance: Compliant with **EU MRL** regulations, the option of **GLOBALG.A.P.**-certified sourcing is available upon request.

Cold Chain Logistics & Careful Handling: Optimal storage temperature during transportation is **4-7 °C**, preserving freshness, firmness, and nutritional value.

Seasonal Availability: Our oranges are available **from October to July** ensuring a steady and uninterrupted supply to serve global markets.

Flexible Packaging Options: Available in bulk cartons, retail-ready trays, or customized packaging tailored to needs.

NATURALLY SWEET & BURSTING WITH FLAVOR

TANGERINES

Naturally Sweet, Rich Juiciness & Superior Freshness!

Grown in Türkiye's sun-drenched Mediterranean orchards, our premium tangerines are prized for their vibrant color, juicy texture, and perfectly balanced sweetness.

What We Offer

We specialize in delivering only the highest-quality **Satsuma Tangerines**, carefully sorted and packed for global markets:

- Thin, smooth, and easy-to-peel skin, making them ideal for quick consumption and snacking.
- Naturally seedless, offering effortless eating with no interruptions.
- Exceptionally juicy and aromatic, with a well-balanced sweet and tangy flavor.
- High in vitamin C, antioxidants, and essential nutrients, promoting health and wellness.

Reliable Supply & Year-Round Availability

Certified Food Safety & Quality Assurance: Compliant with **EU MRL** regulations, the option of **GLOBALG.A.P.**-certified sourcing is available upon request.

Cold Chain Logistics & Careful Handling: Optimal storage temperature during transportation 4-8°C, preserving freshness, firmness, and nutritional value.

Seasonal Availability: Our tangerines are available from October to March, ensuring a steady and uninterrupted supply to serve global markets.

Flexible Packaging Options: Available in bulk cartons, retail-ready trays, or customized packaging tailored to your needs.

JUICY & NUTRIENT-RICH LEMONS

Zesty Freshness, Vibrant Aroma & Long-Lasting Quality!

Grown in Türkiye's sun-drenched Mediterranean orchards, our premium lemons are known for their vibrant yellow color, high juice content, and refreshing acidity.

What We Offer

We specialize in delivering high-quality Fresh Turkish Lemons, carefully sorted and packed for global markets:

- Bright yellow, smooth-skinned, and full of juice, offering balanced acidity,
- Known for long shelf life, strong aroma, and high essential oil content,
- Versatile use – perfect for fresh consumption, juicing, and culinary applications.

Reliable Supply & Year-Round Availability

Certified Food Safety & Quality Assurance:

Compliant with **EU MRL** regulations, the option of **GLOBALG.A.P.**-certified sourcing is available upon request.

Cold Chain Logistics & Careful Handling:

Optimal storage temperature during transportation **10-12°C**, preserving freshness, firmness, and nutritional value.

Seasonal Availability: Our lemons are available **from August to May**, ensuring a steady and uninterrupted supply to serve global markets.

Flexible Packaging Options: Available in bulk cartons, retail-ready trays, or customized packaging tailored to your needs.

SWEET, JUICY & NATURALLY RIPENED GRAPES

Sweet, Juicy & Naturally Refreshing Premium Quality Grapes!

Grown in Türkiye's sun-soaked vineyards, our premium grapes are known for their rich sweetness, firm texture, and natural juiciness.

Varieties We Offer

We specialize in delivering only the highest-quality grapes, carefully sorted and packed for global markets:

Seedless Grapes

- Naturally sweet, juicy, and firm, making them perfect for fresh consumption and snacking.
- Available in both white (green) and red seedless varieties.
- Known for their crisp texture and long shelf life, ideal for international markets.

Table Grapes

- Larger, plump grapes with a slightly thicker skin, offering a rich, balanced sweetness.
- Versatile use – excellent for fresh consumption, fruit platters, and culinary applications.
- Carefully hand-picked to ensure optimal quality, freshness, and export readiness.

Reliable Supply & Year-Round Availability

Certified Food Safety & Quality Assurance: Compliant with **EU MRL** regulations, the option of **GLOBALG.A.P.**-certified is available upon request.
